JLAND

YOUR LIFETIME PARTNER TOWARDS MEANINGFUL WELLNESS

Starting in 1972 as the property development arm of Johor Corporation, the growth of Johor Land Berhad ("JLand") has been closely intertwined with the development of the Johor state. For almost five decades, we have been proudly building and transforming the landscapes of Johor to be one of the iconic states in Malaysia.

In our land bank of 1,012 hectares spread across Johor, we create award-winning townships, memorable retail destinations, vibrant workplaces and essential public infrastructure that make the heart of the community beat.

OUR PURPOSE

At JLand, we believe in the lifestyle-shaping power of integrated real estate solutions. We envision a smart and sustainable world powered by the aspirations of the community, a 'bricks and clicks' reality that is very human and better by design.

Think of us as an end-to-end lifestyle connector that brings people, enterprises and partners together to realise their full potential. Then, true value is created when we leave a legacy far bigger than ourselves.
